NOTE

(1) If the applicant wishes to have an explanation of the reasons for this decision it will be given on request and a meeting arranged if necessary.

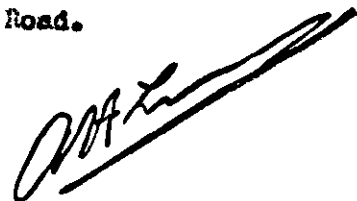

(2) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Caxton House, Tothill Street, London SW1H 9LZ.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(3) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the county borough, London borough or county district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

(4) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

4. No work shall be started until a comprehensive scheme of landscaping (including trees and hedges already existing) for the site shall have been submitted to, and approved by, the Local Planning Authority. This landscaping scheme shall be implemented strictly in accordance with the approved details in the first planting season following the occupation of the development and shall be maintained at all times thereafter to the reasonable satisfaction of the Local Planning Authority.
5. No work shall be started on the development hereby permitted until details of materials to be used externally shall have been agreed with the Local Planning Authority.
6. The garages hereby permitted shall be used for domestic purposes only, incidental to the enjoyment of the dwelling within the same curtilage and for no other purpose.
7. No trees or hedges existing on the site at the date of this permission shall be removed without the prior written approval of the Local Planning Authority.
8. Adequate arrangements shall be made to the satisfaction of the Local Planning Authority for the protection of all existing trees on the site which are to be retained to prevent damage during constructional work.
9. The development hereby permitted shall not be occupied until the items referred to in conditions 3(b)(c)(d) and (e) shall have been provided and such items shall be maintained at all times thereafter.
10. A 12m x 12m visibility splay shall be provided each side of the access within which there shall be no obstruction to visibility above the height of 1m above carriageway level.
11. Sight lines of 4.5m x 9m shall be provided in each direction within which there shall be no obstruction to visibility above a height of 1m above carriageway level.
12. The kerb radii of the access shall be 11m.
13. There shall be only one point of access to the County Road.
