REASONS FOR REFUSAL
OF APPLICATION: 4/0472/96

Date of Decision: 07.06.1996

The Oak tree and Rowan tree are mature specimens with no apparent significant defects. There is no case for the felling of these trees on the grounds of safety. Detailed plans for this development were approved in August 1994 and the extent of necessary tree removal agreed at that time. There is insufficient justification now to depart from the basis on which planning permission was originally granted.
