Planning advice

A temporary classroom unit was erected on the site in January 1998 to meet urgent accommodation needs. At the time it was understood that the unit was required for a limited period of two years, but the unit is still there. The applicant should, therefore:

- (a) ensure either that the unit is now removed or that an application for its retention is submitted as soon as possible; and*
- (b) inform the County Planning Authority within fourteen days of the date of this planning permission for the classroom extension of the action being taken.*
