REASONS FOR REFUSAL  
OF APPLICATION: 4/0588/96

Date of Decision: 04.07.1996

The property is long and of a relatively low and simple form of building of distinctive character. The proposed front extension, given its size and scale, would unacceptably alter the character and appearance of the building and would be visually intrusive in the Area of Outstanding Natural Beauty. The front dormer introduces an alien feature out of proportion to the existing building, unrelated to the remainder of the building.
