CONDITIONS APPLICABLE TO APPLICATION: 4/00625/97/TPO

Date of Decision: 20 May 1997

1. All works shall be carried out in accordance with the guidelines set out in BS 3998:1989 "Recommendations for Tree Work."

Reason: To maintain proper standards of pruning in the interests of retaining the visual amenity of the tree.

2. This consent authorises only the reduction of over long lateral branches by 3 - 4 metres. There shall be no reduction in the overall height of the tree.

Reason: Reducing the heavy over long lateral branches will minimise the risk of branch breakage caused by the fire damage and the resultant wood decay.

3. This consent authorises only the thinning the crown of the tree by a maximum of 10%.

Reason: Thinning the crown by 10% will reduce the "sail" effect of the trees canopy.
