Dear Sir

MOUNDING AND LANDSCAPING ADJACENT A41 BYPASS AND TO THE REAR OF 13-23  
OAKWOOD, BERKHAMSTED

I refer to your notice of proposed development of 12 June 1991. I now write to confirm that I do not wish to object to this scheme as submitted. I understand that you are currently negotiating minor variations with the owners of the houses concerned. I have already expressed my comments in detail in my letter of 6 June 1991. No doubt if you are to retain the clump of beech trees you will arrange for protection during site work. I would also suggest that some additional off-site planting should be provided as future replacements for the already mature beech trees.

Yours faithfully

D P NOBLE  
DEVELOPMENT CONTROL MANAGER
