Dear Sirs,

15 Akeman Street, Tring.

Your Planning Application dated 18th June was formally considered at the meeting of the Development Control Committee on 2nd August, 1979. They passed the "second resolution" under Article 4(5) of the Town and Country Planning General Regulations 1976 to carry out this development and so claimed "deemed permission". This letter constitutes formal notification of that decision.

The "Listed Building" application was also considered and subject to certain clarification, about which I will send you a separate letter, members regarded the proposal favourably and will be referring the application to the Secretary of State for the Environment for his observations.

Yours faithfully,

X

Director of Technical Services.
