In pursuance of their powers under the above-mentioned Acts and the Orders and Regulations for the time being in force thereunder, the Council hereby permit the development proposed by you in your application dated 16th September, 1974 and received with sufficient particulars on 18th September 1974 and shown on the plan(s) accompanying such application, subject to the following conditions:—

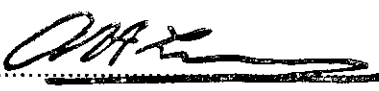

- (1) The development to which this permission relates shall be begun within a period of five years commencing on the date of this notice.
- (2) No work shall be started until a comprehensive scheme of landscaping, including existing trees, for the site shall have been submitted to and approved by the Local Planning Authority. This landscaping scheme shall be implemented strictly in accordance with the approved details in the first planting season following the occupation of the development and shall be maintained at all times thereafter to the reasonable satisfaction of the Local Planning Authority.
- (3) The development hereby permitted shall not be occupied until facilities for car parking and vehicle circulation shall have been provided as shown on plan 1152/74D and such facilities shall be maintained at all times thereafter.
- (4) Before the commencement of the work hereby permitted, samples of the external materials to be used shall be submitted to and approved by the Local Planning Authority.
- (5) No work shall be started on the site until the land hatched green on plan No. 1152/74D shall have been cleared of all obstructions and the level of the land reduced so that it does not exceed a height of 3ft. above the level of the adjacent carriageway. After the level has been so reduced no obstruction more than 3ft. high shall be placed on that land nor shall there be any planting with the exception of grass.

- (6) None of the trees existing on the site at the date of this permission shall be removed without the prior written consent of the Local Planning Authority.
- (7) Adequate arrangements shall be made to the satisfaction of the Local Planning Authority for the protection of all existing trees on the site which are to be retained to prevent damage during constructional works.

NOTE

(1) If the applicant wishes to have an explanation of the reasons for this decision it will be given on request and a meeting arranged if necessary.

(2) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment, in accordance with section 36 of the Town and Country Planning Act 1971, within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, Whitehall, London, S.W.1.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order.

(3) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Common Council, or on the Council of the county borough, London borough or county district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

(4) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.
