In pursuance of their powers under the above-mentioned Acts and the Orders and Regulations for the time being in force thereunder, the Council hereby permit the development proposed by you in your application dated...for...removal.....
and received with sufficient particularity.....20th October 1977.....
and shown on the plan(s) accompanying such application, subject to the following conditions:—

(1) The development to which this permission relates shall be begun within a period of 3,000 days from the date of this notice.

This permission shall expire on 31st December 1980.

卷之三

With the exception of the first few months of 1946, when the economy was still recovering from the Great Depression, the U.S. economy has been in a period of rapid growth since the end of World War II. This growth has been driven by a variety of factors, including technological advancements, increased demand for goods and services, and favorable economic policies. The U.S. has consistently maintained a strong industrial base, which has provided a foundation for economic expansion. Additionally, the U.S. has been able to attract significant foreign investment, which has contributed to its economic success. The U.S. has also benefited from its geographic location, which has provided access to global markets and resources. Overall, the U.S. economy has shown remarkable resilience and adaptability over the past several decades, despite challenges such as the Great Depression, World War II, and the recent financial crisis.

The reasons for the Council's decision to grant permission for the development subject to the above conditions are:—

(1) ~~No compulsory purchase notice has been served on the landowner by the planning authority.~~

The proposed use is a temporary expedient only until such time as permanent development is practicable and to enable the Local Planning Authority to reconsider the proposed use at the expiration of this temporary period in the light of circumstances prevailing at that time.

Dated..... 10th day of November 1977

NOTE

(1) If the applicant wishes to have an explanation of the reasons for this decision it will be given on request and a meeting arranged if necessary.

(2) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment, in accordance with section 36 of the Town and Country Planning Act 1971, within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, Whitehall, London, S.W.1. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order.

(3) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Common Council, or on the Council of the county borough, London borough or county district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

(4) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.
