Director of Planning

Date of Decision: 07.11.1991

(ENC Reasons and Notes)

REASONS FOR REFUSAL
OF APPLICATION: 4/1128/91

Date of Decision: 07.11.1991

1. There is a severe deficiency in public open space within Tring. "Dundale" is allocated for public open space purposes in the Dacorum District Plan, and as a leisure space in the Dacorum Borough Local Plan Deposit Draft, and forms an important undeveloped area on the edge of Tring. In the absence of any overriding need for further residential development or any specific justification for the release of this land, the site should remain as undeveloped land.
2. The proposed development would be visually intrusive and would have a severely detrimental effect on the site's unique natural features, including flora and fauna, and the secluded atmosphere of the site would be destroyed. Given the existing constraints of trees, sewers and the requirements to provide a satisfactory access road, the application site is of insufficient size to accommodate 23 houses, parking and amenity space.
