CONDITIONS APPLICABLE
TO APPLICATION: 4/1250/96

Date of Decision: 20.11.1996

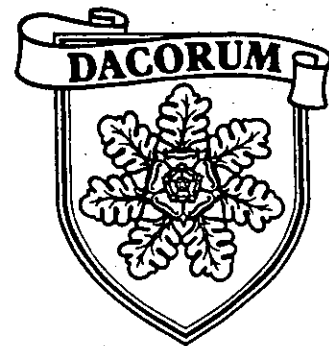

1. Notwithstanding the details shown on the photographs submitted with the application, no works shall be carried out without the prior approval by the local planning authority of their precise extent, which shall be established by a site meeting between a representative of the Council's Woodlands Division and the person(s) and/or company appointed to undertake the works.

Reason: The Beech tree has been subject to over thinning and is very sensitive to change. Any major pruning will be detrimental to the health of the preserved tree. A minimal amount of pruning should only be carried out and this can only be established by a meeting.

2. All works shall be carried out in accordance with British Standard 3998: 'Recommendations for Tree Work' (1989).

Reason: To ensure that the approved work is carried out to an appropriate standard.
