Director of Planning

Date of Decision: 14.02.1997

(encs. - Conditions and Notes).

CONDITIONS APPLICABLE
TO APPLICATION: 4/1273/96

Date of Decision: 14.02.1997

1. Approval of the details of the siting, design and external appearance of the building(s), the means of access thereto and the landscaping of the site (hereinafter called "the reserved matters") shall be obtained from the local planning authority in writing before any development is commenced.

Reason: To comply with the provisions of Section 92 (2) of the Town and Country Planning Act 1990.

2. Application for approval of the reserved matters shall be made to the local planning authority before the expiration of three years from the date of this permission.

Reason: To comply with the provisions of Section 92 (2) of the Town and Country Planning Act 1990.

3. The development hereby permitted shall be begun either before the expiration of five years from the date of this permission, or before the expiration of two years from the date of the approval of the last of the reserved matters to be approved, whichever is the later.

Reason: To prevent the accumulation of planning permission; to enable the Council to review the suitability of the development in the light of altered circumstances and to comply with the provisions of Section 92 (2) of the Town and Country Planning Act 1990.

4. Details submitted in accordance with Condition 1 shall be based on the layout on drawing no. 0213/01 Revision B and shall include:

- a) samples of the materials to be used for the external surfaces of the dwelling and garages hereby permitted;
- b) the position, design and materials for any boundary walls or fences;
- c) arrangements for vehicle parking, shared driveway with passing bay and turning area within the site.

Reason: To ensure a satisfactory appearance to the development, to ensure the provision of adequate parking and turning facilities and to safeguard the visual character of the immediate area.

5. The proposed dwelling shall be erected in the position shown on drawing no. 0213/01 Revision B and shall have a gross external footprint not exceeding 68 sq m exclusive of the proposed detached garage.

Reason: To ensure a satisfactory relationship with adjoining dwellings and to prevent overdevelopment of the site.

CONDITIONS APPLICABLE
TO APPLICATION: 4/1273/96 (CONTINUED)

Date of Decision: 14.02.1997

6. No development shall take place until full details of both hard and soft landscape works shall have been submitted to and approved in writing by the local planning authority and these works shall be carried out as approved. These details shall include vehicle and pedestrian access and circulation areas.

Reason: To ensure a satisfactory appearance to the development and to safeguard the visual character of the immediate area.

7. Soft landscape works shall include schedules of plants, noting species, plant sizes and proposed numbers/densities where appropriate.

Reason: To ensure a satisfactory appearance to the development and to safeguard the visual character of the immediate area.

8. All hard and soft landscaping works shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in the first planting and seeding season following the completion of the development, whichever is the sooner. Any trees, hedges or plants which, within a period of five years from the completion of the development, die, are removed, or become seriously damaged or diseased, shall be replaced in the next planting season by the developers, or their successors in title, with others of a similar size and species, unless the local planning authority gives consent to any variation. For the purposes of this condition a planting season commences on 1 October in any year and ends on 31 March in the next following year.

Reason: To ensure a satisfactory appearance to the development and to safeguard the visual character of the immediate area.

9. The development hereby permitted shall not be occupied until the arrangements for vehicle parking, the passing bay and turning area submitted pursuant to Condition 4 shall have been provided, and they shall not be used thereafter otherwise than for the purposes approved.

Reason: To ensure the adequate and satisfactory provision of off-street vehicle parking facilities and to ensure that vehicles may enter and leave the site in forward gear.

10. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking or re-enacting that Order) (with or without modification) the garages hereby permitted shall be kept available at all times for the parking of vehicles associated with the residential occupation of the dwellings and shall not be converted or adapted to form living accommodation.
