REASONS FOR REFUSAL
OF APPLICATION: 4/1316/96

Date of Decision: 19.12.1996

The site is located within the Chilterns Area of Outstanding Natural Beauty where the prime planning consideration must be the preservation of the beauty of the area. The two pole mounted floodlights located at the frontage of the site introduce excessive illumination into this rural area which is both unnecessary and will be detrimental to the character and amenity of the area, during the day and at night.
