APPLICATION TO THIN THREE TREES

Your application for *works to a tree protected by a TPO* dated 02.11.1994 and received on 11.11.1994 has been **GRANTED**, subject to any conditions set out on the attached sheet(s).

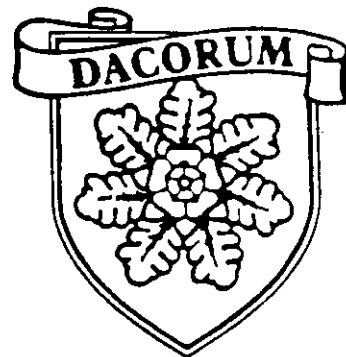

Director of Planning

Date of Decision: 12.12.1994

(encs. - Conditions and Notes)

CONDITIONS APPLICABLE  
TO APPLICATION: 4/1448/94

Date of Decision: 12.12.1994

1. Only the following works shall be carried out to the three trees:

(i) Horse Chestnut

Selectively thin crown by a maximum of 20% concentrating on ends of branches.

Lift crown over front garden and road by a maximum of 4 m.

Shorten back overlong lateral branches where necessary to balance crown.

(ii) Sycamore

Clean out crown by removal of dead wood, snags and any weak, crossing or superfluous branches.

Shorten back lateral branches over roof and neighbouring property by a maximum of 4 m.

(iii) Walnut

Remove main limb extending towards property to suitable side branch or growing point approximately 2 m from main trunk.

Shorten lateral branches extending over neighbouring property by a maximum of 2 m.

Note: The pruning of the Walnut should ideally be carried out in July.

2. All works shall be carried out in accordance with British Standard 3998 Recommendations for Tree Work.

Reasons: The works will alleviate the light restriction and nuisance to the property and will not detract significantly from the amenity value of the trees.
