12th December, 1978.

Dear Sirs,

17 Sunnyhill Road, Hemel Hempstead.
Conversion to two dwelling units

The proposal the subject of your planning application dated 31st October was considered by the Development Control Committee on 7th December, 1978. They passed the "second resolution" under Article 4(5) of the Town and Country Planning General Regulations 1976 to carry out this development, and so "granted deemed planning permission". This letter constitutes formal notification of that decision and a copy has been sent to the Director of Housing and Health for his information.

Yours faithfully,

X

Director of Technical Services.
