Director of Planning

Date of Decision: 15.02.1996

(ENC Reasons and Notes)

REASONS FOR REFUSAL  
OF APPLICATION: 4/1464/95

Date of Decision: 15.02.1996

1. The application site is an inappropriate location for the proposed passenger coach interchange by reason of its proximity to the notifiable installations of Shell UK Oil and Mobil Oil. The development is likely to result in an undue health and safety risk to prospective site users and the proposal is, therefore, contrary to the provisions of Policy 112 of the Dacorum Borough Local Plan.
2. The application site will form one of the main entrances into the Buncefield General Employment Area. Bearing in mind the importance of the site the level of landscaping proposed is considered woefully inadequate and the proposal therefore fails to meet the requirements of Policy 8 of the Dacorum Borough Local Plan.
