REASONS FOR REFUSAL
OF APPLICATION: 4/1477/95

Date of Decision: 28.03.1996

The site is situated adjacent to two existing telecommunication mast sites and insufficient information has been provided to prove that these masts cannot be used to accommodate the proposed telecommunication equipment. The development is therefore contrary to advice contained in Planning Policy Guidance Note 8 and Dacorum Borough Local Plan Policy 104 relating to mast sharing. The erection of a telecommunication mast as now proposed in this prominent location would significantly detract from the character and appearance of this area of attractive open countryside.
