Dear Sir/Madam

**WORKS TO TREES IN THE CONSERVATION AREA:
96 - 104 HIGH STREET, BERKHAMSTED, HERTS**

Thank you for your letter of 18 August 1999 notifying the Borough Council of your intention to carry out the above works.

The Council have no objections to your proposals for the following reasons:

. These trees are poorly formed and self set, in close proximity to buildings. As they are still very young, future growth will cause problems to these buildings. Furthermore, the location of the trees means that they contribute very little to the preservation or enhancement of the character and appearance of the Conservation Area.

This decision, which was made on 20 September 1999, allows you to progress these works.

Yours faithfully

Director of Planning

Dear Sir/Madam

**WORKS TO TREES IN THE CONSERVATION AREA:
LADYBRAND, CROSS OAK ROAD, BERKHAMSTED, HERTS, HP4 3JB**

Thank you for your letter of 12 August 1999 notifying the Borough Council of your intention to carry out the above works.

The Council have no objections to your proposals for the following reasons:

. The works will not result in any significant loss of amenity to the Conservation Area, and the trees do not merit protection by means of a Tree Preservation Order.

This decision, which was made on 20 September 1999, allows you to progress these works.

Yours faithfully

Director of Planning
