5th January, 1979.

Dear Sirs,

47 Sunnyhill Road, Hemel Hempstead.
Single storey front extension

The proposal, the subject of your planning application dated 12th October, 1978, was determined on 3rd January, 1979. This constituted the "second resolution" under Article 4(5) of the Town and Country Planning General Regulations 1976 and so "claimed, deemed permission" for the development.

This letter may be read as formal notification of that decision and a copy has been sent to the Director of Housing and Health for his information.

Yours faithfully,

Director of Technical Services.
