WORKS TO PRESERVED TREES

Your application for *works to a tree protected by a TPO* dated 20.11.1996 and received on 21.11.1996 has been **GRANTED**, subject to any conditions set out on the attached sheet.

Director of Planning

Date of Decision: 11.12.1996

(encs. - Conditions and Notes).

CONDITIONS APPLICABLE
TO APPLICATION: 4/1534/96

Date of Decision: 11.12.1996

1. Only the following works shall be carried out, and in accordance with British Standard 3998:1989 Recommendations for Tree Work:

- (a) 2 No. Lime trees identified on the submitted plan
 - Repollard to previous pollard point.
- (b) 1 No. Beech identified on the submitted plan
 - Remove lower branches extending towards adjacent Birch
 - Remove any deadwood, weak or crossing branches from all three trees.

Reasons:

- (1) The trees have been previously pollarded. Repollarding will adequately control the growth of both Lime trees.
- (2) The Beech is restricting the growth of an adjacent Birch. Pruning will have little effect upon the Beech and will improve conditions for the Birch.
