NOTE

1. If the applicant is aggrieved by the decision of the local planning authority to refuse conservation area consent for the proposed works, or to grant consent subject to conditions, he may, by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment in accordance with part one Schedule 11 to the Town and Country Planning Act, 1971. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local planning authority in regard to the proposed works are in progress.
2. If conservation area consent is refused, or granted subject to conditions whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which have been or would be permitted, he may serve on the council of the county district, in which the land is situated a conservation area purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Section 190 of the Town and Country Planning Act, 1971.
