WORKS TO TREES T1 TO T7

Your application for *works to a tree protected by a TPO* dated 08.11.1996 and received on 15.11.1996 has been **GRANTED**, subject to any conditions set out on the attached sheet(s).

Director of Planning

Date of Decision: 18.12.1996

(encs. - Conditions and Notes).

CONDITIONS APPLICABLE
TO APPLICATION: 4/1545/96

Date of Decision: 18.12.1996

All the tree works shall be carried out to BS 3998, subject to the limitations set out below:

- (a) Oak T1 - Deadwood only
- (b) Oak T2 - Reduce the one low lateral branch by 1 metre only
- (c) Ash T3 - To remove only those branches that are crossing or touching the main trunk of the Ash.

Reasons:

- (a) Oak T1. This tree has good branch structure and does not need reshaping.
- (b) Oak T2. The low lateral branch is only encroaching marginally towards the car parking area, hence only a small amount of pruning is needed.
- (c) Ash T3. A few of the epicormic branches are old and have large basal diameters and hence, if removed will cause large wounds on the main trunk. As the main trunk has many wounds from previous pruning etc any further wounding is going to be detrimental.
