**TOWN AND COUNTRY PLANNING ACT 1990 (as amended)**

**TOWN AND COUNTRY PLANNING GENERAL REGULATIONS 1992**

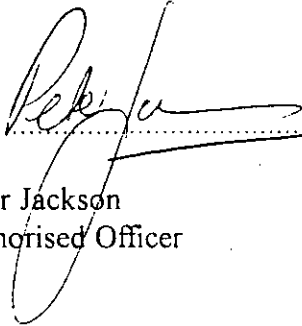

---

In pursuance of powers granted under the above Act and Regulations, and other Regulations and Orders for the time being in force thereunder, the following development by Hertfordshire County Council, as described in your LADC application form dated 4 December 1995 (received with full details 4 December 1995) and the single submitted drawing number 371/201/1 and A4 information sheet reference 885/PFE/195, IS HEREBY PERMITTED, SUBJECT TO THE TWO CONDITIONS SET OUT IN APPENDIX A ATTACHED:

**ERECTION OF 2.4 METRES HIGH STEEL PALLISADE SECURITY FENCE**

**WOODFIELD SCHOOL, MALMES CROFT, HEMEL HEMPSTEAD**

Signed

  
Peter Jackson  
Authorised Officer

Date

9 February 1996

**PROPOSED ERECTION OF 2.4 METRES HIGH STEEL PALLISADE SECURITY FENCE**

**WOODFIELD SCHOOL, MALMES CROFT HEMEL HEMPSTEAD**

**Conditions to be Attached to Planning Permission (4/1563-95)**

---

1. **COLOUR**

Before the fencing hereby permitted is erected, details of the colour in which the fence shall be initially painted and thereafter maintained shall have been submitted to and approved in writing by the County Planning Authority.

**Reason :** To minimise its visual impact on the surrounding area by ensuring that it is a dark green or similar dark colour.

2. **LENGTH AND HEIGHT OF FENCING**

The permission hereby granted shall relate to a seventy-eight metres length of fencing along the school boundary from Malms Croft as far as the side boundary of the nearest property (number 7) in Colonsay rather than to the shorter distance shown on the submitted site location plan. Only the southern forty-five metres adjacent to the wooded area shall be 2.4 metres high, the remainder to the north shall be limited to two metres in height.

**Reason :** There is a discrepancy in the submitted application documents between the length of fencing referred to (78 metres) and its extent as indicated on the out-of-date submitted location plan, and to limit the highest part of the fencing to the most vulnerable part of site furthest from the public highway in Malms Croft.
