ASSOCIATED CABLING**

Your application for telecommunications development (masts) dated 11 August 2000 and received on 04 September 2000 has been considered.

The Council has determined that the prior submission of details is not required in this case. Your proposal may therefore be carried out as permitted development, subject to the conditions and limitations set out in the relevant Class and Part of Schedule 2 to the Town and Country Planning (General Permitted Development) Order 1995.

**Development Control Manager**

**Date of Decision: 27 September 2000**

INFORMATIVE:

Please note that the telecommunications compound area has been extended to the south beyond the area of the compound which was authorised under application 4/01512/99/TDM and that the submitted site plan shows an equipment cabin proposed in this location. This development has been carried out without the benefit of planning permission and as such is unauthorised. An application for the retention of these works should be made as a matter of urgency. Any such application should include comprehensive landscaping proposals. Failure to submit such an application may result in formal enforcement action being considered.
