The reasons for the Council's decision to refuse permission for the development are:-

- 1. The adopted Dacorum District Plan shows the site to be within the Chilterns Area of Outstanding Natural Beauty wherein the policy of the local planning authority seeks to preserve the appearance of the area, encourage agriculture and conserve wildlife by the restriction of further development having particular regard to the siting, design and external appearance of buildings. The proposed development by reason of mass, design, and bulk is unacceptable in the terms of this policy.
- 2. The proposed extension, due to its shape and design, is unsympathetic to the character of the existing property, and by reason of its prominent position in the surrounding countryside would be detrimental to the visual amenities of the area.
- 3. The proposed extension encroaches upon a public right of way, reducing the width of the footway to an unacceptable degree, and causing detriment to general amenity.
