Dear Sir,

Proposed Car Park, Eastern Gas Service Centre,
London Road, Hemel Hempstead

Your application for permission to construct the car park has been treated by this authority as a consultation from a statutory undertaker.

This is to inform you that this Council has no objection to the proposal in principle. It is suggested, however, that some thought should be given to the prominent high level of this car park.

It would naturally become an expensive project if the ground were lowered to road level. Some investment in a denser screen of landscaping than is shown on your plan would seem advisable.

Yours faithfully,

Director of Technical Services
