#### NOTE

(1) If the applicant wishes to have an explanation of the reasons for this decision it will be given on request and a meeting arranged if necessary.

(2) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Caxton House, Tothill Street, London SW1H 9LZ.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(3) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the county borough, London borough or county district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

(4) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

4/1832/89 (continued)

4. Details submitted in accordance with Condition 1 hereof shall indicate the provision of car parking at the ratio of one space per 25 sq m of gross floorspace, as ascertained by external measurements of the building.
5. All areas provided for car parking in accordance with details submitted in accordance with conditions 3 and 4 hereof shall only be used for the parking of motor vehicles, as they shall not be used thereafter otherwise than for the purposes approved.
6. As the proposed development affects public sewers and manholes, details of works to divert, re-route or reconstruct the sewers, manholes and any other items of public drainage infrastructure affected by the works shall be submitted to and approved by the local planning authority prior to any development commencing on site.
7. The existing access from Eddy Street shall be used only for the purposes of emergency vehicular access, and access to the existing office buildings, car park and offices erected by virtue of planning permission reference 4/1531/87, and not for access to the development hereby permitted.
8. The office floorspace hereby permitted shall not be used otherwise than for purposes incidental to the primary use of the site for industrial/warehouse purposes.
