Dear Sirs

HIGHFIELD HOUSING AREAS 7 & 8

I refer to your letter of 6 December enclosing copies of the drawings indicating the layout and details of the above scheme.

As you are aware, Deemed Consent has already been claimed by the Council for this development and, under the terms of the Town & Country Planning General Regulations 1976, the only statutory requirement in respect of further details is that they be placed on the Public Register until such time as the development is complete. I can confirm that, to-date, no representations have been received and following previous discussions regarding the scheme, there will be no objections to this proceeding.

Yours faithfully

CHIEF PLANNING OFFICER
