Mr S Murphy

8 February 1988

CONSTRUCTION OF GOLF DRIVING RANGE AND ANCILLARY PARKING,
LITTLE HAY GOLF COURSE, BOX LANE, BOVINGDON

I refer to your application of 29 December in respect of the above proposal. The matter was discussed at the meeting of Development Control Committee on 2 February when it was resolved to claim deemed consent under Regulation 4 (5) (Under Town and Country Planning General Regulations 1976) May I also add that a condition would have probably been attached to a standard permission requiring the materials of which the structure is to be constructed to be submitted to the Planning Department for their approval prior to commencement of the scheme.
