CHANGE OF USE OF FORMER RAILWAY LINE TO CYCLEWAY/FOOTPATH
HEMEL HEMPSTEAD - INFORMAL DISCUSSION

I refer to resolution 619/(6) of the Leisure Services Committee meeting on 24 October 1984 calling for planning permission to be sought for the Change of Use of the former Nicky line between the Borough boundary and Eastman Way to use as a cycleway/footpath.

As a prerequisite to an application for deemed planning permission, I have been asked to obtain your observations and approval to the proposal. I attach one copy each of my drawings no. 10/18/32/4 and 10/18/32/5 and would ask you to return these together with your comments by 19 April 1985 at the latest.

For your further information I would point out that drawing no. 10/18/32/5 shows the whole route of the Nicky line with the parts owned by the Council coloured blue and those the Council intends to purchase coloured red; Drg. no. 10/18/32/4 shows the complete area of the land which it is intended to purchase edged in red.
